

Notes from 18/06/19

Attendees : Andrew
Elaine
Lis

Apologies: Chris
Carole
Christine

As there were not enough members to make decisions, we just discussed any ongoing and new queries.

- Fire Alarm: Andrew - still getting quotes
- Budget – Lis - carry over as not been able to do
- Hiring Contracts – Elaine has looked through these and made suggestions, but mostly just to update with logo.
Andrew to look at and make suggestions
Cancellation fee at 1 months notice needs to be added in. Showing on website but not on documents
- Lighting – Carole still awaiting quotes
- Langford Life – Andes has progressed on scanning and has designated 3 pages on the website to dedicate to Langford Life. All copies to be up on website by Agm
- Tree – it was agreed that the small tree would go if it was damaging the pavements but we were not happy to cut down the large tree and would be happier it was trimmed back. This gives a nice shade to the garden.
- Bus Shelters – Carole to write to council

We then went through Carole's notes to the committee

- AGM – Thoughts discussed to the AGM
 1. Updates on rail line
 2. Update on doctors, as many couldn't go to the public meeting

would we want speakers there? would need to be time controlled for questions.

- Invites as usual – councillors, pam Roberts and patricia Clissold for gavray and orchard
- LVCA member recruitment
- Development projects

Andrew mentioned there was a meeting for the clanking noise on Wednesday at 7.15pm Garth Park
